INTRODUCTION

As staff walk into the offices of WRAAA, they are greeted by our mission statement, proudly displayed in bold, vibrant lettering: "We provide choices for people to live independently in the place they want to call home."

Rising housing costs and limited accessibility have made safe, affordable housing urgent for older adults and individuals with disabilities on fixed incomes, risking instability and homelessness. Addressing this gap is crucial for their well-being. This guide continues WRAAA's efforts to address health determinants by providing resources to meet community needs, reduce insecurity, and promote independence for aging and disabled individuals. Whether the need is for more suitable living arrangements, accessing supportive housing or modifying existing homes, WRAAA explores a wide range of housing resources and services designed to meet the unique needs of our community by providing choices for people to live independently in the place they want to call home.

For further assistance, you can contact the WRAAA Aging and Disability Resource Center at **(216) 539-9240** or **(800) 626-7277**.
